

DIAPER DRIVE IDEAS

Here are some ways to jump start your drive!

- 1) Ask for help! Committees have more fun and it will be helpful to have someone to toss ideas around with.
- 2) Create a mini competition among any small groups within your organization. Come up with a reward or incentive.
- 3) Challenge an outside organization or church. The possibilities are endless!
- 4) Decorate a central donation area. Playpens make great props and some baby shower decorations will catch people's attention. A large box wrapped in baby gift wrap works great as well.
- 5) Pass around a Baby Bottle Bank to collect change for a month. Those coins can really add up! We can purchase 5 Diapers for just \$1.00 donated!
- 6) Advertise in your newsletter or on your website. Put up flyers around the office.
- 7) Encourage youth and children to participate. This is a great way to show how small things can make a big difference!
